

MENTAL HEALTH PROVIDER RESOURCE LIST

This list has been compiled in conjunction with the Mental Health Association, members of the Metropolitan Church in Knoxville and the Red Cross. Members of TVUUC have also drawn from their own professional knowledge as members of the mental health treatment community to identify professionals who are liberal minded, receptive to UU issues and are GLBT affirmative. The list is not meant to be all-inclusive. Some of the professionals have been identified as having overlapping expertise as indicated by **between GLBTQ and trauma and ***for all three categories.

Patient Responsibility:

It is the responsibility of each individual, if contacting a professional from this list, to negotiate individual financial arrangements, to specifically confirm that the professional is liberal, open minded or GLBT affirmative and is appropriate to your needs at the time the appointment is made. We encourage you to contact any professional you may have seen in the past, you know by reputation, or have from other referral sources. This list of professionals is intended to be one source of information for those seeking resources.
